ACTIVE SKILLS FOR READING is an exciting five-level series of reading books that develops students' reading comprehension skills and vocabulary. Each book begins with short stories and gradually moves to works with a large amount of text. The Active Reading Skills book series is specially designed for children who are starting to read on their own. It includes six books designed to teach children how to read and how to enjoy books. The books begin with short stories that gradually move on to longer pieces that require attention and concentration.
