It is an advantage of the invention, that a foot with an orthosis attached thereto is held between the foot and the undersurface of the panty. The undersurface of the panty is held over a portion of the upper trunk of the wearer. The foot with an orthosis attached thereto is taken up between this undersurface and an undersurface of the pants and held in a comfortably seated position. It is a further advantage of the invention that the pants are placed on the wearer so that the wearer can step into the pants and be properly fitted at the same time. The fit of the pants and the support of the foot are accomplished simultaneously. In addition, the edge of the panty between the leg opening and the foot can be adjusted so that the panty keeps the foot on the panty.(CNN) A man stashed a naked Japanese woman in the trunk of his car before driving to a Walmart parking lot in the US state of New Jersey. Mitsuo Shoda, 39, was busted Friday in the Walmart parking lot in East Hanover, New Jersey, police told CNN. The victim told police Shoda had her in the car Friday morning. But after she jumped out of the trunk to go to a bathroom in the Walmart parking lot, Shoda got her in his car and drove away. Officers who were called to the Walmart parking lot found the victim lying in the trunk. The victim suffered minor injuries, including a sore shoulder and a bump on the head. Read MoreLast night I had to fix some local builds for some of the team (including y'all). I can't really go into details but it was a fairly big change so I'm going to do another post in the series about the blog - to give some
