“...Rise, Tarnished, and be guided by grace to brandish the power of the Elden Ring and become an Elden Lord in the Lands Between, you have finally reached the land of your dreams. A vast world where open fields with a variety of situations and huge dungeons with complex and three-dimensional designs are seamlessly connected. As you explore, the joy of discovering unknown and overwhelming threats await you, leading to a high sense of accomplishment. The game’s character is well made, and you can freely combine the weapons, armor, and magic that you equip. You can develop your character according to your play style, such as increasing your muscle strength to become a strong warrior, or mastering magic. A multilayered story told in fragments. An epic drama in which the various thoughts of the characters intersect in the Lands Between. In addition to multiplayer, where you can directly connect with other players and travel together, the game supports a unique asynchronous online element that allows you to feel the presence of others. Unique online play that loosely connects you to others.” “A massive world A vast world where open fields with a variety of situations and huge dungeons with complex and three-dimensional designs are seamlessly connected. And here is one of the players using the MPAC on their PSP: I also have two screenshots of the game in action playing the normal game on the console and the MPAC on the PSP: 8. Questions about the rights of the work, to quote the TOS: "3.D. (a) When you publish or otherwise distribute Covered Content, you must: (i) provide attribution to the original author, artist, or publisher, and a link to the location of the original; (ii) provide attribution to the public domain, if the original work is in the public domain; (iii) obtain written permission from each contributor, but you need not get written permission from a contributor who has assigned an entire copyright license or copyright license whose use is restricted to specific countries or languages, or if a contributor's license is limited to a specific country or language; or (iv) for derivative works, obtain permission from the owner of the material that you have modified. (b) You may take reasonable steps to ensure proper credit for the Work or a known and identifiable alteration to the Work. (c) If you have an existing website, webpage, or other media or communication platform, in connection with which you are producing or using the Work, you must comply with the requirements of Section 12, on prohibiting the publication of the Work, that will apply in that context. You must use either a provided text, or if no such text is provided, a text that is different from the original, to comply with Section 12(b)." My FAQ for licensing questions: "The basic point here is that if you put something on the Internet and it contains a piece of text from a published work, it needs to be clear where that text came from. That way others can't simply say "Look at this thing, it's got that text, so it's copyrighted". The issue I have is that the TOS says that you need to

What's new in Elden Ring:

EOS II is a product of Nordic Games, creator of the acclaimed series "Risen", which features the same uncompromising grind to survive. • FIGHT TO SURVIVE AS YOU RISE Survive ruthless raiders, fearsome monsters, and the aggressive and deranged marauders by your strengths. Automated computer AI will analyze the situation, advising you on your best course of action, giving you the information you need to make the best use of your power.

THE NEW FANTASY ACTION RPG. An epic drama Born from a Myth A multilayered story told in fragments. An epic drama in which the various thoughts of the characters intersect in the Lands Between. Unique online play that loosely connects you to others In addition to multiplayer, where you can directly connect with other players and travel together, the game supports a unique asynchronous online element that allows you to feel the presence of others.» Health stats don't apply to Vivendi games yet, people. I have no idea what the thing is for, I get an "expand button," I click it and it turns into a person. Out of nowhere, with no warning at all. EOS II is to be played on ☐Touch devices,☐ which I'm assuming means tablets and phones. That means it's touchscreen, and literally any touchscreen you own is totally cross-compatible with this game by Nordic Games. I can only assume that the game will also be released on consoles, but I☐d need some time to actually get the game for myself to be sure of this - fingers crossed!
