1. A... || 5.5 (6) by Shupasunamu on More like fan service than a serious game with a fresh twist to the genre this game is bound to keep you coming back for more. Cool story and decent gameplay with a lot of ways to enhance your character and a fairly good online mode to boot. 8.5/10. The game is cool 1. A... || 7.5 (3) by Make_Nao on I feel like a huge wimp, but I was completely turned off by this game. I dont understand why. It's a fairly solid game but the fact that it has elements of "Fantasy Make believe" ruined it for me. It's like the game didn't realize that it was a fantasy game. It has a great story and is a pretty good game with a fully developed RPG element, but it came across to me as a game where the creators actually wanted to make a "Fantasy Cut scene" and not the kind of RPG Elden Ring Cracked 2022 Latest Version is FUN 6.5 (3) by Denzel Roach on I thought I'd try this game before I buy since I've had it in my wishlist for so long, and I'm so glad I did! This game is fun 6.3 (2) by Mark N on Great game. The mechanics are good and you can follow along as the story unfolds. I have installed jQuery `$('#p_group_name').autocomplete({source:'groups.php'});` I have also included jQuery UI in my local header and in my footer as is implied by the documentation: However, I cannot seem to get autocomplete to display. Is it because I have not installed the latest version, as it is mentioned in the documentation that this feature has been added since version 1.6? A: Try adding `document.addClass("ui-widget ui-widget-content ui-corner-all");` before using the autocomplete feature. I had the same problem.
