## **What's new:**

**The Infinity Square is an open-air shopping mall in Saint-Laurent, Quebec, west of downtown Montreal. It has over 160 retail stores, including grocery stores, bookstores, fashion shops, jewellery shops, restaurants, banks, insurance agencies, pharmacies and ATMs. The mall was built in 1980 and opened on April 19, 1981. The mall is owned by the Rino LaFosse Group, operator of the 900 Rue Sainte-Catherine Mall and the 825 Rue Ste-Catherine outlet centre, although Infinity Square is not a part of the aforementioned. Planned in 1980 as an open mall during the Montreal Expo, while Henri-Bourassa metro station was still under construction, Infinity Square opened its doors on April 19, 1981 and quickly became one of the most successful open-air retail malls in Canada. Over the next decade, much of its original stylistic design was lost to a series of major renovations. The development was for the most part considered a success until the mid-1990s, despite the fact that no foreign-operated retail chain ever opened a store there. By 2012 the mall was still considered under-performing and underwent another refurbishment at a cost of \$100 million, a price which was covered by two of the major Canadian banks involved. The project included the addition of 24 new stores under the Eureka! shopping brand, whose presence is currently less than 50 percent. Location and accessibility Infinity Square is located on Viger Avenue in Saint-Laurent, which is served by Autoroute 20 and Gilbert-Mistral Boulevard. The mall has 3 entrances: one at the southwest corner of Viger Avenue and Goupal Boulevard (exit 5) and two others at the southwest corner of Viger Avenue and Avoriaz Boulevard (exit 6a/6b) and northeast corner of Viger Avenue and Des Rapides Boulevard (exit 7), where available parking is located. In addition to the main one at Viger and Gilbert-Mistral, the mall also has four surface streets and 55 underground levels. Infinity Square has a total floor space of more than. When opened, the mall included a food court and an arcade (Annexe Galaga). Development Infinity**
