sEditor is an easy-to-use text application designed to help compose, edit and format personal documents with just a few clicks. It offers basic editing elements and saves notes in TXT format. Write drafts with ease The program provides a simple interface with all the functions packed into a basic menu. Make sure you have Java installed on the computer, as it's needed for the app to run. Plus, it doesn't require installation, which means it can be copied to a USB flash drive or any other external devices, and launched from any PC. The panel can be manually resized by dragging the corners to the desired dimension. Compose simple notes To create a new file, you just have to start typing your thoughts or open an existing file from the computer. The output is saved in plain text format. It would've come in handy if the tool let you view the most recently accessed documents, making the re-open process much easier. Despite the fact that sEditor offers the option to open more than one draft, the file content is not displayed, while making multiple new notes is unavailable. Find words and format the text It's possible to copy, cut and paste content from another document, in case the app doesn't display the composition, as well as use the undo and redo functions to go back if mistakes are made. Plus, you can search and replace terms with different ones. sEditor lets you change only the font type and size. The program provides an option for fitting the content to the window, as well as for showing the line counter. Basic functions that should've been implemented It doesn't come with text colors, paragraph alignment, and hyperlinks recognition, as well as date and time, images and table insertion. Plus, there is no option to convert specific letters to lowercase and uppercase, and export to other file formats such as RTF, DOC, HTML or PDF. Basic word editor Taking everything into consideration, sEditor is a straightforward program created to offer a simple method to write documents, as well as edit and format them using only the most basic functions. Despite its decent look, the lack of essential features leaves much to be desired. Alfreda, the Wonder Dog is undoubtedly one of the most beautiful additions to the universe of animal characters, and animators wanted to give this motley group of pets the best they could. Alfie, their tiny titchy protagonist, is a sweet, innocent pup with a naturalness
