When the lands of Aeryon were lost to war and chaos long ago, the power of the ancient Elden Ring was sealed within its strongest bearer. The bearer who would one day be called the Lord of Elden was born into an era of peace and prosperity. It was a time of an earthly paradise where, guided by grace, people lived in peace and prosperity. But the seeds of change were growing from within, for nothing was settled and all was not as it seemed. The age of the Lord of Elden was almost upon him when the foul blight swept into the lands of Aeryon. Everywhere on the earth, shadows grew on the sun, and the time of crisis was upon them. In an attempt to preserve the balance of the world, a council known as the Sage Council was established to administer the use of the power of the ring. The most powerful magic-wielding beings in the land were selected as members. Yet, during this time, a greater darkness than the world had ever known was bound to surge upon the land. Sinister doings and plots to either sink or elevate oneself were unfolding all around. The Sage Council met once more, seeking to discover what these plotters were plotting and to preserve the land, but their will to fight this inner darkness was thwarted. Two of the Elden Lords, both of them were the sons of one of the ten original Elden Lords, were now at odds with each other. Instead of ending the turmoil of war, these two Elden Lords were gradually fanning the flames of war among the ten remaining Elden Lords, until only the youngest of them could be saved and taken. The undying hearts of the tenth Lord and the Elden Ring itself were sealed in the form of this ring. This was the deepest secret of the Old Testament. This is the origin of the Elden Ring and the beginning of a new age in the Lands Between. Now, the greatest Elden Lords of all time stand on a stage of destiny where a new age will begin to unfold...
